

# DISEASES CURABLE AND INCURABLE

Some few diseases are universally recognized as being incurable; many others thought to be incurable have through the efforts and skill of the International Specialists yielded promptly and were cured permanently by their Combined System of Treatment. In fact, their system is the only absolutely effective method known that never fails to cure certain afflictions, especially Nervous Decline, and Weaknesses of men and women. They have spent many years in perfecting special treatments and have gathered together the best, most expensive and modern equipment ever seen in a specialist's office and the fact that THEY HAVE TREATED OVER SIX THOUSAND PEOPLE HERE IN EL PASO, WITHOUT THE LOSS OF A SINGLE ONE, should be proof enough that they are masters of their specialty. Advertising will for a time attract attention and get business, but after awhile will play out if the Doctor fails to do all he claims, that's why over eight so-called Specialists have located here, stayed for awhile, got the people's money and drifted, since we located in El Paso, nearly seven years ago. Today our practice is better and bigger than ever, our friends are sending us all the patients we can serve, for it is our policy to deal honestly with those who place confidence in us, never accept for a cure an incurable case and cure those whom we do accept in the shortest possible time and for the smallest fee consistent with good treatment and attention.

## DISEASES OF WOMEN.

That hundreds of useless, dangerous and mutilating operations are performed daily upon the female generative organs, everybody knows to be a fact; then why should a sensible woman submit to an operation which often destroys these important organs and fails to give the relief they seek, when other simple, safe and sure methods of treatment such as we have perfected will give permanent relief. We always follow the principle to cure and preserve rather than to destroy important organs, in any diseased condition.

## NERVOUS DISEASES.

A great many diseases, uncertain in their symptoms, but nevertheless causing severe impairment of the general health, can now be traced to a diseased condition of the NERVOUS SYSTEM. Not recognizing the REAL CAUSE of this class of patients, who, unable to find relief, were frequently driven into the arms of unscrupulous charlatans. The careful and intelligent examination we give to every patient enables us frequently to find the cause a derangement of the Nervous System, which readily responds to the Specific Treatment we employ.

## DISEASES OF MEN.

In the treatment of the Special Pelvic Diseases of Men, we have devised, developed and perfected remedies that have for years given perfect satisfaction. No other treatment, in our opinion is as effective, prompt and permanent in results. We have given particular time and attention to the treatment of all private diseases and weaknesses. It is not necessary to wait for months for results. Our remedies are applied directly and relief is prompt and permanent.

## BLOOD POISON.

In the course of Specific Blood Poison the discovery of "606" has marked an important advance, yet its administration is dangerous and often followed by serious after effects. All these disadvantages have been overcome and this treatment developed into fullest efficiency in our BRITISH CURE. The BRITISH CURE is the highest perfection of all methods for the purification of the blood, requires for its administration but a few days, is absolutely harmless and painless and its results are complete and permanent.

## RUPTURE-RHEUMATISM.

Under the various "SPECIAL TREATMENTS" that are administered in our Institution, our non-operative Cure for Rupture, and our 30-day Cure for Rheumatism deserve special mention. These ailments have been treated heretofore without success, so that treatment that will positively effect a permanent cure should be welcome to the many disappointed sufferers of this class.

## CATARH

Is a term usually applied to inflammation of the nasal mucous membrane, when really it applies to inflammation of any membrane lining an open cavity, viz.: the nose, throat, lungs, stomach, intestines, bladder and other cavities, as a consequence the manifestations are varied depending upon the location. Nasal Catarrh, about which we wish to write, is caused by repeated bad colds, inhalation of irritating gases, dust, etc., nasal spurs, deflected septum, adenoids, enlarged tonsils, tumors, especially polyps and excessive use of tobacco, and is also associated with other debilitating diseases often due to them. This is another instance where stereotyped treatment is folly, common sense reasoning teaches one the uselessness of using any patent preparation, be they powders, salves or sprays to correct an abnormal septum, remove a tumor or prevent the irritating effects of tobacco. Anyone who stops and thinks for a moment along these lines will immediately see the necessity of consulting a competent Specialist, who will ascertain the cause and remove it before trying to effect a cure, after the cause has been removed no agent will heal the diseased membrane quicker than PINO-ZONE, a combination of ozone and pine oil, originated by us.

PILES, FISTULA AND FISSURE by modern methods. We use no injections, ligatures or other painful measures. IT WILL PAY ALL AFFLICTED MEN who have been wasting time and money on Home Treatments, Electric Belts, Free Trial Treatments and other useless methods, to investigate our claims and system of treatment. We do not claim to possess knowledge that other doctors cannot obtain, but, by making a special study of, and devoting our entire time and attention to the treatment of Chronic, Nervous, Blood and Private Diseases, we have perfected methods that are every day proving our superiority in mastering these afflictions. It will pay one to come hundreds of miles rather than subject themselves to dangerous experiments and delay in securing relief. REMEMBER IF WE FAIL TO DO ALL WE CLAIM OUR SERVICES COST YOU NOTHING.
